

## POWER AMPLIFIERS

**402 power amplifier** - from: 1985 to: 1988; 220+220 W into 4 ohms; 140+140 W into 8 ohms; 440 W bridge into 8 ohms; 280 W bridge into 16 ohms; stereo-mono-bridge selector.

**802 power amplifier** - from: 1985 to: 1987; 400+400 W into 4 ohms; 250+250 W into 8 ohms; 800 W bridge into 8 ohms; 500 W bridge into 16 ohms; stereo-mono-bridge selector; 2-speed fan; thermal protection.

**902 power amplifier** - from: 1985 to: 1990; 450+450 W into 4 ohms; 290+290 W into 8 ohms; 900 W bridge into 8 ohms; 580 500 W bridge into 16 ohms; stereo-bridge selector; 2-speed fan; thermal+electronic protections; delayed power-up sequence with troubleshooting.

**1002 power amplifier** - from: 1985 to: 1992; 900+900 W into 2 ohms; 550+550 W into 4 ohms; 320+320 W into 8 ohms; 1800 W bridge into 4 ohms; 1100 W bridge into 8 ohms; 640 W bridge into 16 ohms; stereo/bridge selector; 2-speed fan; thermal+electronic protections; delayed power-up sequence with troubleshooting.
